

Anne Wilkes

I became a governor at Ravensmead in 2001, having been a volunteer/parent helper prior to this since 1998. I am also a member of the Personnel /Curriculum sub-committee. I am the link governor for Art and DT and a member of the Green Group.

As part of the Governing body, we have the insight of the running of the school and work as a team to strive to push the school forward and to be a critical friend. As part of the Personnel/Curriculum sub-committee, we regularly update policies and, when necessary we appoint new members of staff, offering opinions and ideas.

Although both my children have left Ravensmead, I still feel compelled to participate in the progress of the school and now, by working in the school, I can see how the curriculum is delivered and how the children benefit from the mighty efforts from everyone at Ravensmead.
