

I am a Parent Governor at Ravensmead and have two children who attend the school. I attended the school myself and have lived in the local area for most of my life.

I currently work at a primary school in an administrative role, a position I have held for over 3 years. This has given me an insight into the inner workings and everyday challenges of a large school. Prior to this I worked for an Independent Financial Advisor and held managerial roles for over 10 years for a well-known high street retailer. The positions involved working in store management, finance, human resources, health and safety and project management.

I understand the importance of effective governance and intent on fulfilling my role as Governor with energy and enthusiasm.
