

Ravensmead Nursery weekly information/homework 06.11.17

Topic (Next week)

Planets
Stars

Maths

Counting reliably to a given number.

What we have been learning this week.

- To listen carefully and take turns when speaking.
- About Guy Fawkes, and where the Houses of Parliament are.
- Learning all about bonfire night and fireworks safety.
- How to stay safe on bonfire night.
- Creating colourful firework pictures on a Houses of Parliament background

Welcome back to Nursery, as you can see we have had a super fun, busy first week back. We hope you all had a lovely half term break.

Things to do at home.

- Can you bring in an item that begins with 'P'. Please name this item at home!
- Can you bring in an item, picture, or book linked to 'planets or 'stars' only if you have anything at home.
- Can you help your child to practice putting on their own coat. (if it is inside out can they solve the problem?)
- We have a huge collection of unnamed jumpers and cardigans, please can you check to see if your child's name has washed out and rename if needed.
- Can we also finally remind you that you are always welcome to come into Nursery either at the beginning or end of the session depending on when your child attends to change their reading book with them.

Have a lovely weekend, thank you again for your ongoing support.
