Assessment and Reporting

[click to see all text](#)

- In recent years, 'old' national curriculum levels (e.g. Levels 1, 2, 3) have been abolished as set out in the government guidelines. Children are now described as working towards, working at and working at greater depth according to the Year 2 expectations of the new curriculum.
- The new curriculum is more rigorous and sets high expectations, which all schools have had to work hard to meet in the last two years.
- As of 2016, test scores are now reported as 'scaled scores'.

Scaled Scores

click to
see all
text

What is meant by 'scaled scores'?

- It is planned that 100 will always represent the 'national standard'.
- Each pupil's raw test score will therefore be converted into a score on the scale, either at, above or below 100.
- The scale will have a lower end point somewhere below 100 and an upper end point above 100.
- A child who achieves the 'national standard' (a score of 100) will be judged to have demonstrated sufficient knowledge in the areas assessed by the tests.

The SAT Assessments

[click to see all text](#)

At the end of Year 2, children will take assessments in:

- Reading
- Maths

We may also decide to administer the optional English: Grammar, Punctuation and Spelling SAT assessment in order to inform their teacher-assessed level in Writing.

All assessment are due to take place in May this year.

Reading

[click to
see all
text](#)

The Reading Test consists of two separate papers:

- **Paper 1** – consists of a combined reading prompt and answer booklet. The paper includes a list of useful words and some practice questions for teachers to use to introduce the contexts and question types to pupils. The test takes approximately 30 minutes to complete, but is not strictly timed.

- **Paper 2** – consists of an answer booklet and a separate reading booklet. There are no practice questions on this paper. Teachers can use their discretion to stop the test early if a pupil is struggling. The test takes approximately 40 minutes to complete, but is not strictly timed.

- The texts will cover a range of poetry, fiction and non-fiction.

Spelling, Punctuation and Grammar

This year, the Spelling, Punctuation and Grammar test will be optional for all Year 2 classes. Your child's school may still administer the assessment in order to inform their teacher-assessed writing judgements.

The test consists of two separate papers:

- Paper 1: Spelling** - pupils to spell 20 missing words within a test booklet. The test is expected to take approximately 15 minutes to complete, but is not strictly timed.
- Paper 2: Grammar, Punctuation and Vocabulary** - a combined question and answer booklet focusing on pupils' knowledge of grammar, punctuation and vocabulary. Pupils will have approximately 20 minutes to complete the questions in the test paper, but it is not strictly timed.

Grammar, Punctuation & Spelling: Sample Questions

Spelling Paper

1. I need to _____ my holiday suitcase.
2. The _____ is dark at night.
3. The snail hid inside its _____.
4. My friend has a new _____ sister.

Within the assessment, the spelling words are read out to the children to fill into the gaps within the sentences. In this example, the missing spelling words are: **pack**, **sky**, **shell** and **baby**.

Mathematics

Children will sit two tests: **Paper 1 and Paper 2:**

- **Paper 1: Arithmetic** - lasts approximately 20 minutes (but this is not strictly timed). It covers calculation methods for all operations.
- **Paper 2: Reasoning** - lasts for approximately 35 minutes, which includes time for five aural questions. Pupils will still require calculation skills and questions will be varied including multiple choice, matching, true/false, completing a chart or table or drawing a shape. Some questions will also require children to show or explain their working out.

How to Help Your Child

- First and foremost, support and reassure your child that there is nothing to worry about and that they should always just try their best. Praise and encourage!
- Ensure your child has the best possible attendance at school.
- Support your child with any homework tasks.
- Reading, spelling and arithmetic (e.g. times tables) are always good to practise.
- Talk to your child about what they have learnt at school and what book(s) they are reading (the character, the plot, their opinion).
- Make sure your child has a good sleep and healthy breakfast every morning!

How to Help Your Child with Reading

click to
see all
text

Listening to your child read can take many forms:

- First and foremost, focus developing an enjoyment and love of reading.
- Enjoy stories together – reading stories to your child is equally as important as listening to your child read.
- Read a little at a time but often, rather than rarely but for long periods of time!
- Talk about the story before, during and afterwards – discuss the plot, the characters, their feelings and actions, how it makes you feel, predict what will happen and encourage your child to have their own opinions.
- Look up definitions of words together – you could use a dictionary, the Internet or an app on a phone or tablet.
- All reading is valuable – it doesn't have to be just stories. Reading can involve anything from fiction and non-fiction, poetry, newspapers, magazines, football programmes, TV guides.
- Visit the local library - it's free!

How to Help Your Child with Writing

click to
see all
text

- Practise and learn weekly spelling lists – make it fun!
- Encourage opportunities for writing, such as letters to family or friends, shopping lists, notes or reminders, stories or poems.
- Write together – be a good role model for writing.
- Encourage use of a dictionary to check spelling.
- Allow your child to use a computer for word processing, which will allow for editing and correcting of errors without lots of crossing out.
- Remember that good readers become good writers! Identify good writing features when reading (e.g. vocabulary, sentence structure, punctuation).
- Show your appreciation: praise and encourage, even for small successes!

text

- Play times tables games.
- Play mental maths games including counting in different amounts, forwards and backwards.
- Encourage opportunities for telling the time.
- Encourage opportunities for counting coins and money e.g. finding amounts or calculating change when shopping.
- Look for numbers on street signs, car registrations and anywhere else.
- Look for examples of 2D and 3D shapes around the home.
- Identify, weigh or measure quantities and amounts in the kitchen or in recipes.
- Play games involving numbers or logic, such as dominoes, card games, draughts or chess.
